## 1. Instructions

This application may be used for upgrading your camera's device driver to the latest or re-installing the camera for any other reasons. It will remove all Videology USB2.0 device drivers currently installed in the system.

1. Make sure no Videology USB2.0 camera is **plugged** into the computer.
2. Double click on the VidClean.exe file icon in order to run it.

3. Click on the "Clean" button and wait until "Clean Finished." message shows up.
- 4.

5. **Restart** the computer and follow installation procedure to re-install the camera.
